

2026 YJP Partnership Package

About YJP

Young Jain Professionals (YJP) is an initiative of the Federation of Jain Associations in North America (JAINA), a non-profit religious organization. Since its founding in 1998, YJP has grown to a vibrant network of over 9,000 members, aged 21 onwards, while offering year-round opportunities across the year for connection.

Our members are the **next generation of Jain leaders** in North America. YJP's three core pillars: **Build**, **Transcend**, and **Uplift**, support their journey by providing spiritual guidance, by creating pathways for meaningful professional growth, and by fostering strong community values.

About the 2026 YJP Convention

Following a successful YJP 2025 Convention, YJP's 2026 Convention will convene hundreds of driven Jain professionals from across the globe for a transformative weekend offering unparalleled access to talent, insight, and influence within a vibrant community. The event will feature keynote speakers, networking experiences, and three immersive social gatherings.

Held at the **Embassy Suites, Milpitas** in Bay Area, California from **October 9-12**, YJP's 2026 Convention theme of "**Reinventing Your Wheel**" aims to empower attendees to think outside the box and tread a new pathway. Our programming will consist of an entertainment night, design labs, our signature Shark Tank-style pitch competition, and facilitated roundtables where Jain entrepreneurs, industry leaders, and creatives will come together to *Build*, *Transcend*, and *Uplift* our community.

For partners, it's a unique opportunity to cultivate the next generation of Jain leaders and invest in the future of entrepreneurship, leadership, and impact.

We can't wait to bring a memorable YJP Convention to the Bay Area!
